Abstract

The recent international events had a large impact on the aviation sector because of several reasons. This documentation is all about the user interface wireframe, here the home page of our flight fare prediction project is explained with proper input.

1. Web Interface

- Our web page is an interface where input is taken from the user and the prediction is displayed.

FLIGHT PRICE PREDICATION

Departure Date

dd-mm-yyyy --:-- --

Arrival Date

dd-mm-yyyy --:-- --

Source

Delhi

Destination

Cochin

Stopage

Non-Stop

Which Airline you want to travel?

Jet Airways

Submit

2. User Input

- Whenever the user hits our url, they first see the user input page here they have to provide the information like:
 - Every user input has its own dropdown where the user can select their input.
 - After providing the required input and pressing the submit button, the page refreshes and displays the output

FLIGHT PRICE PREDICATION

Departure Date

30-05-2023 06:29 PM

Arrival Date

31-05-2023 06:29 PM

Source

Delhi

Destination

Cochin

Stopage

Non-Stop

Which Airline you want to travel?

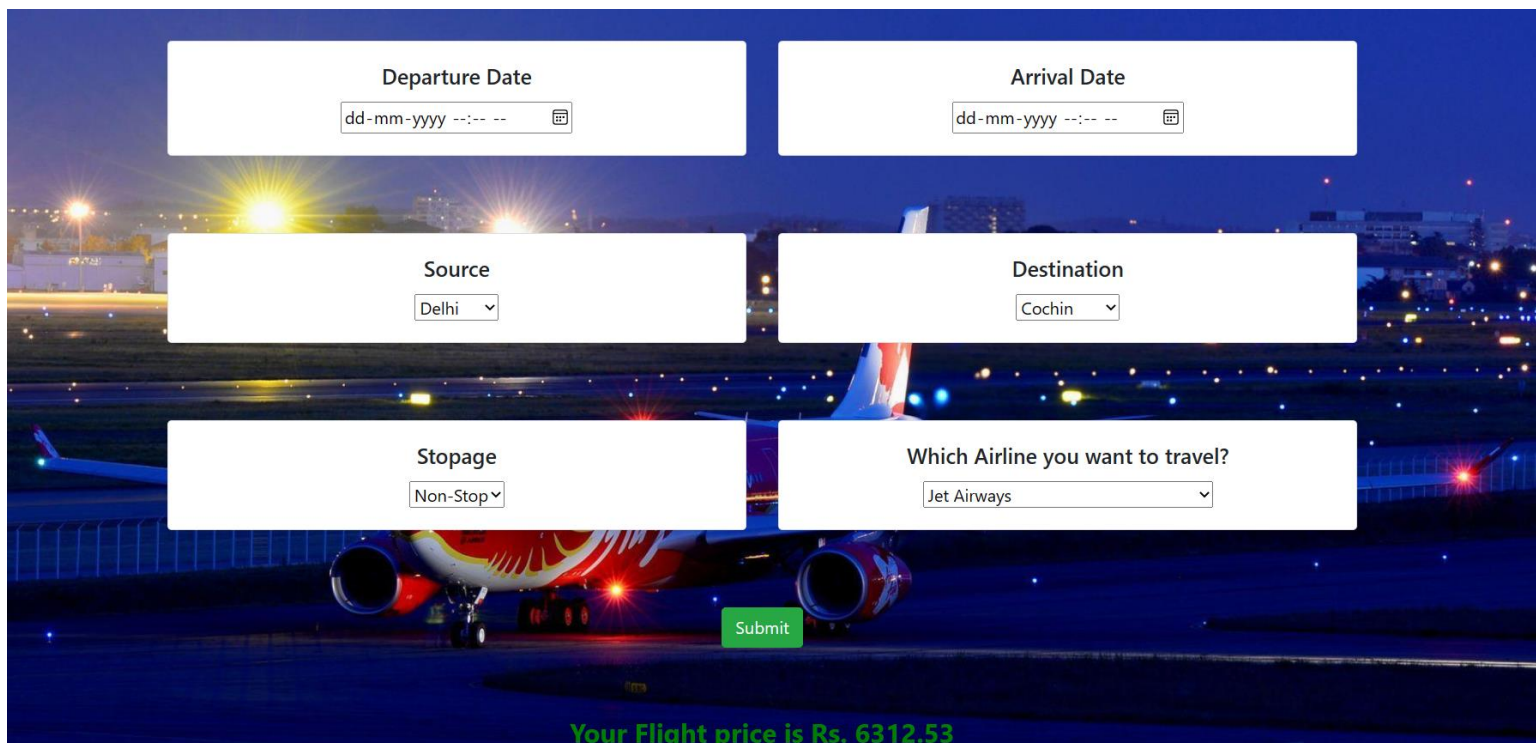

Jet Airways

Submit

3. Result Page

After the user hits the submit button the page gets refreshed and the results are being displayed in the highlighted area in the above frame.

The user can refill all the inputs in the same page and get the results in the same way.

A flight booking form is overlaid on a background image of an airport at night with a plane on the tarmac. The form consists of six white rectangular boxes arranged in a 3x2 grid. The top row contains 'Departure Date' and 'Arrival Date' boxes, each with a text input field showing 'dd-mm-yyyy --:-- --' and a calendar icon. The second row contains 'Source' and 'Destination' boxes, each with a dropdown menu showing 'Delhi' and 'Cochin' respectively. The third row contains 'Stopage' and 'Which Airline you want to travel?' boxes, with dropdown menus showing 'Non-Stop' and 'Jet Airways' respectively. A green 'Submit' button is centered below the form. At the bottom of the image, the text 'Your Flight price is Rs. 6312.53' is displayed in green.

Departure Date dd-mm-yyyy --:-- --	Arrival Date dd-mm-yyyy --:-- --
Source Delhi	Destination Cochin
Stopage Non-Stop	Which Airline you want to travel? Jet Airways

Submit

Your Flight price is Rs. 6312.53
